# The Stallions of RITSMA Show Horse

These stallions are available For Sale. Contact Marcel Ritsma for more information.

This extreme upright & beautiful stallion is by Vulcano, who is one of the best producing stallions of Manno offspring on record. By Keur mare Utinkie, Corrado comes from a long line of show horses and approved stallions.

The unique combination of the best Saddlebred blood and a strong Dutch dam line make Erasmus a very important outcross for many Dutch Harness Horses.

This tall impressive son of WC Saddlebred Sir William Robert has the right show horse attitude and very strong hock use. He can be a great asset to your breeding program adding beauty and as a valuable outcross.

Fantastic has everything to be a great producer: talent, the right looks, strong motion, flashy color and the right pedigree.
